PRODUCT STORY

The UPRIGHT TRESTLE TABLE cart is a unique innovation that allows trestle tables to be moved in confined spaces such as lifts and elevators in hotels, universities, schools, and corporate offices. Resting on the rear wheels means the operator does not carry any weight but simply pushes the cart with ease.

SPECIFICATIONS

Please refer to next page.

FINISH

Powder coat.

FABRICATION

Fabrication is of welded steel with pneumatic wheels and castors.

WARRANTY

10 Years.

DESIGNER

Mity Lite.
