

A photograph of a rectangular table with a dark brown top and black legs. The table is mounted on a gas lift mechanism, allowing it to be raised or lowered. It has four casters for mobility. The table is positioned in the center of the frame against a plain, light gray background.

# GAS LIFT FLIP

FAMILY

## PRODUCT STORY

The Innova Gas Lift Flip table transforms any room in a matter of seconds. From the moment you handle the table, you will notice the difference in its quality and strength. The tabletop flips up effortlessly to allow for easy storage and nesting. The laminate finishes provide your facility with an upscale look. The tabletop rests on steel legs and casters, making it easy to move from room to room. This innovative table solution is perfect for facilities that need to maximise space with a mobile flip-top table.
