

BOOTH

FAMILY

PRODUCT STORY

Booth seating by Innova Group is the perfect choice for restaurants, casual dining venues, cafés, schools, universities, clubs, and hotels. Built for heavy-duty use, each booth features a robust hardwood and steel frame construction. Seating is upholstered with CA117 fire-retardant foam for safety and durability, while the single back design incorporates a lumbar comfort curve to enhance support and comfort.

OPTIONS

Please reach out to Innova Group for a complete range of fabrics, vinyl and timber finish options.
